STAND UP AGAINST THE DEATH PENALTY, BECOME A VOLUNTEER!

Would you like to take part in a large scale action in favour of human values and fair justice?

The 6th World Congress Against the Death Penalty organised by **ECPM** (Together Against the Death Penalty) is the chance for you to put your ideas into practice. More than 1500 people - Human rights defenders, ministers, representatives from international institutions, but also former death row prisoners - will be present at the Congress.

This event will be the chance to shout out loud and clear our dedication to justice and humanity!

All of this cannot happen without you. **ECPM** needs volunteers to support the organisation of the Congress. The tasks given to the volunteers will be:

- Welcoming and assisting participants
- Taking part in the Global March Against the Death Penalty
- *Livetweeting* the debates and writing a summary on them (only Master's students in Public international law or Human rights with an excellent command of English will be given these tasks)

Each volunteer will have the chance to attend several debates.

ECPM NEEDS YOU. INTERESTED?

Fill out an online volunteer registration form at www.congres.abolition.fr from April!
